

**DR. NELIA DRENTH**  
**2022 WORKSHOP PROGRAMME -(IN-PERSON - PRETORIA)**

Grief does not come wrapped up in a tidy little package. Grief is messy. It is crucial for the bereaved person to have a safe space to grieve - a place where they can find comfort. Join bereavement expert Nelia Drenth (PhD) on these workshops where you will learn more about the bereaved person, evidence-based approaches to bereavement care, advanced clinical skills, and bereavement counselling techniques. If you are new to bereavement counselling, we recommend that you first do the "*Bereavement Counselling - An Introduction*" - workshop before enrolling on the other bereavement courses. For the online versions of some of these courses, please follow this link:
